GitHub github.com/ibraAbuKaff

I have around 8 years of experience in web app development (backend and frontend).

- 6 years of experience in building REST APIs (Design and Implementation).
- Certified Laravel Developer ([Certification](#)).
- Certified AWS Cloud Developer ([NanoDegree From Udacity](#))
- Love learning/sharing knowledge, you can find me on [Medium](#) and on [Github](#)
- My Favorite Tech Books: Clean Architecture , Clean Code By Robert C. Martin (Uncle Bob)

Experience

2018-08 - present **Senior Software Engineer**

Dubizzle (as Part of OLX Group) in Dubai, UAE

The OLX Group is a network of leading classifieds platforms in 45 markets.

I'm Part of a great team who is developing, enhancing, building & scaling Our Systems (MENA & Pakistan) in terms of features, performance, and architecture, that make it super easy for anyone to buy and sell almost anything.

2015-08 - 2018-08 **Web Backend Engineer**

Tajawal.com / Almosafer.com in Dubai, UAE

Tajawal & Almosafer are online travel platforms for booking flights, airline tickets and hotels, they are part of Al Tayyar Strategic Online Business Unit.

I worked there as a Web Backend Engineer to develop the API infrastructure using REST. This includes: high availability, data protection, security and efficient data management. I was responsible for Flight API, Payment API and Coupons/Promotion API.

2013-05 - 2015 **Web Backend Engineer**

Aratech.ae in Dubai, UAE

Aratech is web development company based in Dubai, Silicon Oasis.

I Developed E-Commerce apps(OpenCart Framework), customized web apps(Yii,CodeIgniter) and CMS based Websites/Portals using (Joomla&Wordpress). Most of the work there was for SMEs.

2010-01 - 2012-01

Web Developer

Freelancing in Lattakia, Syria

I was a freelancer for around 2 years, at that time I was learning and sharpening my skills in web app development.
